PARAGRAPH 13. SERVICE LEVEL PENALTIES AND SERVICE CREDITS

The following service credits are recoverable by the Carrier from the Handling Company where the Handling Company fails to meet the service and performance standards below. Each amount is an agreed pre-estimate of loss, recoverable per clause 13.8, and is without prejudice to the liability limits in Paragraph 5.

13.1 Turnaround delay. Where a departure is delayed beyond the agreed turnaround time due to an act or omission of the Handling Company, a service credit of 500 SEK per commenced 15 minutes of delay applies, capped at 10,000 SEK per turnaround.

13.2 Failure to provide agreed handling at scheduled timing. Where passenger or ramp services are not provided at the agreed timing (including crew no-show or under-resourcing), the Handling Company credits 100% of the applicable turnaround charge plus a fixed 3,000 SEK per occurrence.

13.3 Baggage and cargo mishandling. For each item mishandled, misrouted, delayed, lost or damaged while in the Handling Company's care, a service credit of 750 SEK per affected item applies.

13.4 De-icing / anti-icing service failure. Where de-/anti-icing is not commenced within 20 minutes of a valid request, or its failure causes a departure delay, a service credit of 2,500 SEK per occurrence applies.

13.5 Refuelling delay. Where refuelling is not completed by 15 minutes before scheduled departure due to the Handling Company, a service credit of 1,200 SEK per occurrence applies.

13.6 Safety and regulatory compliance breach. For any breach of Paragraph 9 (including ICAO Technical Instructions, IATA DGR, or documented safety procedures), a service credit of 15,000 SEK per incident applies.

13.7 Monthly on-time performance. Where on-time turnaround performance falls below 95% in any calendar month, the Handling Company credits 2% of that month's total handling charges (Paragraph 2) for each whole percentage point below 95%, capped at 20% of the monthly handling charges.
