

ANNEX A — STANDARD GROUND HANDLING SERVICES

Annex A to the AeroGround Services Ltd. / Meridian Blue Airways Ground Handling Agreement dated 1 June 2026 (Frankfurt Airport, FRA Station).

This Annex A sets out the scope of Ground Handling Services to be performed by the Handler for the Airline's scheduled operations at the Station, and is incorporated by reference into the Agreement referenced above. Charges for the services described below are set out in Annex B (Charges) to the same Agreement.

SECTION 1 — REPRESENTATION AND ADMINISTRATION

The Handler shall provide flight-file preparation, NOTAM/weather briefing distribution, and general administrative representation of the Airline at the Station during all scheduled operating hours.

SECTION 2 — LOAD CONTROL, COMMUNICATIONS AND FLIGHT OPERATIONS

Preparation of load sheets, weight-and-balance documentation, and departure-control-system (DCS) support for all scheduled flights.

SECTION 3 — PASSENGER AND BAGGAGE SERVICES

Check-in, gate, and arrivals staffing per the following minimum manning table for each A320/A321-class turnaround: six (6) check-in agents, two (2) gate agents, and three (3) arrivals staff. Baggage handling, sorting, and reconciliation per IATA Baggage Reference Manual standards.

SECTION 4 — CARGO AND MAIL

Acceptance, documentation, and ramp transfer of cargo and mail per applicable customs and IATA Cargo Handling Manual requirements.

SECTION 5 — RAMP SERVICES

Marshalling, ground power unit (GPU) provision, pushback, and de-icing services (de-icing charges per Annex B). Ramp return handling with load change is billed as a full turnaround; ramp return without load change is billed at the technical-landing rate per Annex B.

SECTION 6 — SUPPORT SERVICES

Cabin cleaning (standard turnaround clean and periodic deep clean), potable water service, and lavatory servicing.

SECTION 7 — SECURITY

Aircraft security searches and access-control support per Station security program requirements.

SECTION 8 — AIRCRAFT MAINTENANCE LIAISON

Line-maintenance liaison and coordination only; no heavy maintenance checks are within the scope of this Annex.

Each Section above corresponds to the Annex B rate line item covering the same scope; charges for cargo/mail handling (Section 4) are invoiced separately per the applicable cargo rate schedule

maintained by the Handler and are not included in the standard turnaround rate.
